Who we build for.

Startups

Your MVP frontend, built from your designs.

BUILD SCALE

Agencies

White-label React capacity for client work.

BUILD INTEGRATE SUPPORT

Enterprises

Existing apps: features, upgrades and upkeep.

SCALE INTEGRATE SUPPORT

One senior React developer, with a way to work for each.

EVERY MODEL, ONE SENIOR REACT DEVELOPER

One developer. Your whole frontend.

Pages and components

Figma designs into responsive React pages.

Your APIs and CMS

REST, GraphQL and headless CMSs like Strapi.

Fast and findable

SSR or static builds, SEO, Core Web Vitals.

React · Next.js · TypeScript · Tailwind CSS · App Router

We build with React every day.

React and Next.js are part of our default stack.

Pick the model that fits the job.

BUILD	**Fixed price** Still designing? Go hourly.	**Quote** from your designs
SCALE	**Time & materials** Ongoing work? Add a retainer.	**$20** per hour
SUPPORT	**Retainer** Occasional fixes? Go hourly.	**$720** from, per month
INTEGRATE	**Dedicated developer** Half-time or full-time.	**$1,040** from, per month

Switch models between projects, or mix them. One senior React developer does the work.

1 · FIXED PRICE · FOR BUILD

Designs ready? Get a fixed quote.

1. **Send your designs**
   Finished UI/UX in Figma, XD or Sketch, plus the scope.
2. **Get a fixed price**
   We review every screen, then quote a price and timeline.
3. **We build it in Next.js**
   One developer builds it; you review on a staging link.
4. **Take the code**
   Handed over in your repo, ready to deploy.

No upfront price list: every quote is based on your designs. Still designing? Start on time & materials.

2 · TIME & MATERIALS · FOR BUILD AND SCALE

Flexible scope. Pay as you go.

$20 per hour

Billed monthly
No commitment

- Pay only for the hours worked
- Every task logged in a timesheet
- Pause or scale up any month

Tasks start as capacity allows. Need priority? See Retainer.

3 · RETAINER · FOR SUPPORT AND SCALE

Reserved hours. Priority start.

Flex 40	40 hrs · starts within 1 working day	**$720** /mo $18 / hour
Flex 80	80 hrs · starts within 4 working hours	**$1,280** /mo $16 / hour
Flex 120	120 hrs · starts within 4 working hours	**$1,800** /mo $15 / hour

Prepaid each month for your React developer. Unused hours roll over one month, up to 25% of your plan.

4 · DEDICATED DEVELOPER · FOR INTEGRATE

Your own developer. One monthly fee.

Half-time

4 hours a day, only on your work
About 80 hours · $13 an hour

HOW EVERY MODEL WORKS

Clear terms.
No surprises.

- **Frontend only: we plug into your APIs**
- **Hourly plans: a timesheet for every task**
- **Dedicated: about 21 working days a month**
- **Backup developer for absences over 2 days**
- **Overtime only with your approval**
- **At least 4 hours' overlap with UK and CET**

1 day of leave a month. Holidays shared each January.
Need a backend too? Ask us.

Your code.
Your rules.

NDA and IP assignment
Everything we build belongs to you.

Your tools, your process
We work in your Slack, Jira and GitHub.

White-label for agencies
We never contact your clients unless you ask.

Replacement guarantee
Not the right fit? We swap the developer, free.

Not sure yet? Start on time & materials, with no commitment.
