Building stores? Running one?

For agencies

White-label build, integrate and support

BUILD New stores from your approved designs

INTEGRATE Our developers inside your team

SUPPORT Ongoing care for your clients' stores

For store owners

Ongoing support and scale

SUPPORT Maintenance, fixes and monitoring

SCALE Speed work and new features

One WooCommerce team, with a way to work for each.

EVERY MODEL, THE SAME BUILD POD

Two developers. One store team.

Frontend developer

Codes your Figma or XD designs into clean, responsive HTML, CSS and JS.

WooCommerce developer

Builds the store in WordPress: products, cart, checkout, payments and shipping.

Hand-coded. Sharpened by AI.

AI-assisted review helps us ship cleaner, faster code.

Pick the model that fits the job.

BUILD	**Fixed price** Scope still moving? Go hourly.	**$2,400** from, per store
SCALE	**Time & materials** Ongoing work? Add a retainer.	**$20** per hour
SUPPORT	**Retainer** Occasional fixes? Go hourly.	**$720** from, per month
INTEGRATE	**Dedicated team** Half or Full Pod in your team.	**$2,080** from, per month

Switch models between projects, or mix them. The same team does the work.

1 · FIXED PRICE · FOR BUILD

Design in. Live store out.

$2,400 per store, from

A starting estimate for a standard store, built from your approved design.

Typical store	**about 30 days' work**
Your price	**quoted from your design**
Support after launch	**2 months free**

Send your design and store spec for a fixed quote. Custom integrations and data migration are quoted separately.

2 · TIME & MATERIALS · FOR BUILD AND SCALE

Flexible scope. Pay as you go.

$20 per hour

Billed monthly
No commitment

- One rate for frontend and WooCommerce hours
- Every task logged by role
- A timesheet with every invoice

Tasks start as capacity allows. Need priority? See Retainer.

HOW EVERY MODEL WORKS

Clear terms.
No surprises.

- **Fixed price: 2 months of free support**
- **Hourly plans: a timesheet for every task**
- **Dedicated: about 21 working days a month**
- **Backup developer for absences over 2 days**
- **Overtime only with your approval**
- **At least 4 hours' overlap with UK and CET**

1 day of leave per developer a month.
Holidays shared each January.

Your store.
Your rules.

NDA and IP assignment
Everything we build belongs to you.

Your tools, your process
We work in your Slack, Jira and email.

White-label for agencies
We never contact your clients unless you ask.

Replacement guarantee
Not the right fit? We swap the developer, free.

Not sure yet? Start on time & materials, with no commitment.
